- I. Graduation requirements for PLP's
The final product of the professional learning plans of graduating seniors is the same for all three high schools. The mechanism for follow through at each building may be different. There is a list of goals that must be met. Since this plan has not been in place long enough to accomplish all goals, this year's seniors will need to meet 4 of the goals. Beginning next year 8 goals must be met.
- II. Content selection for day 194 – staff development
Teachers can have input into what this day is used for. The survey taken was very beneficial. 75% of the staff completed the survey.
- III. Diversity Research project related to Diversity Staff Development
The presenters are from UNO. There will be 4 surveys. Diversity staff development is a requirement from the state.
- IV. Last day of school for 07-08 school year
June 2nd is the last day of the contract for teachers. May 30th is the last day for students.
- V. Building Climate Survey through Infinite Campus
This survey does have anonymity. The district does not know who answers the questions. Results can be tallied for specific areas or groups. The way the results are shared is up to individual buildings.

The next meeting date for PROCOM will be on Tuesday, May 20, 2008 at 1:30 p.m. Any future agenda items should be directed to Tony Levy or Dr. Lutz.
